

GOD JUL, MERRY CHRISTMAS, MERIKURISUMASU GODT NYTT ÅR, HAPPY NEW YEAR, AKEMASHITEOMEDE TÖGGÖZAIMASU

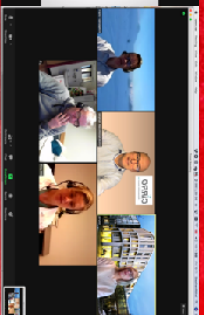

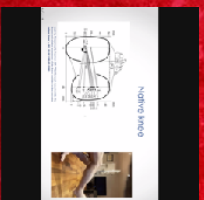

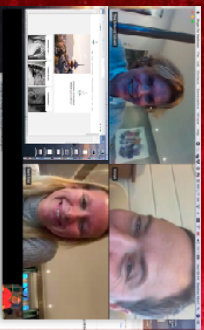

2021

★ A special year for all of us has passed!
★ Still, we have taken care of our patients and continued our research! Started new studies, collected data, acquired RSA radiographs and performed RSA analysis, written papers and went through evaluations. Now, it is time to relax and reflect, to focus on the dear ones and recharge batteries!
★ Thank you for all the dedication and the good vibrations in spite of the pandemic. New highlights wait for us in 2021.
★ The IRSA congress is just one of them!
★ Take care of yourself and stay safe!

Virtual is the new real!

Stephan M.
Röhl

VIRTUAL
INTERNATIONAL RSA MEETING
MAY 10 - 12, 2021

IRSA
International Radiostereometry Society

“Image technology for safe implants
and surgery for our patients”
