

Advanced course in cytoreductive surgery for ovarian cancer Akershus University Hospital, Norway December 4th and 5th 2019

ABOUT THIS COURSE

COURSE PURPOSE

The thoroughness of cytoreductive surgery is the largest contributor to survival for patients with advanced ovarian and primary peritoneal carcinoma. This program is designed to provide information through formal lectures, panel discussions and cadaver dissection regarding the clinical applications of advanced cytoreductive surgery for ovarian cancer and related gynecologic peritoneal surface malignancies.

TARGET AUDIENCE

This activity is designed for gynecologic oncologists and surgeons who practice the specialty of gynecologic oncology and surgical oncology.

LEARNING OBJECTIVES

After completing the learning activity, the participant should be able to:

- Describe the prognostic impact of minimal residual disease achievable through advanced cytoreductive surgical procedures.
- Demonstrate a working and practical knowledge of upper abdominal and pelvic visceral and retroperitoneal anatomy.
- Formulate a strategic operative approach to advanced-stage ovarian cancer and implement appropriate
 patient selection criteria.
- Describe the critical steps in performing advanced cytoreductive surgical procedures in gynecology

COURSE FEE

10.000 NKR - The course fee includes both days of the course, course dinner Wednesday December 4th, accommodation at Scandic Hotel Lillestrøm Wednesday December 4th, breakfast, shuttlebus from the hotel to course venue and lunch.

ACCOMMODATION

Accommodation and breakfast at Scandic Hotel Lillestrøm. scandichotels.no

REGISTRATION

The course registration is limited to 12 attendees to ensure a focused learning experience. Participation will be on a "first-come-first-serve" basis. We therefore recommend registration as soon as possible, and no later than November 1st, 2019

GUEST FACULTY

Kara Long Roche - MD, MSc, FACOG Assistant Attending Surgeon, Gynecology Service, Section of Ovarian Cancer Surgery, Memorial Sloan Kettering Cancer Center

Yukio Sonoda - MD, FACOG, FACS Attending Surgeon, Gynecology Service, Section, Ovarian Cancer Surgery, Memorial Sloan Kettering Cancer Center

Ginger Gardner - MD, FACOG Associate Attending Surgeon, Physician Lead, Gynecology Disease Management Team Alliance, Gynecology Service, Section of Ovarian Cancer Surgery, Memorial Sloan Kettering Cancer Center

Oliver Zivanovic - MD, PhD
Director, Innovative Surgical
Technology, Assistant Attending
Surgeon, Gynecology Service,
Section, Ovarian Cancer Surgery,
Memorial Sloan Kettering Cancer

PROGRAM

DAY 1 - WEDNESDAY DECEMBER 4 TH - AUDITORIET NYE NORD 05	
11:00 - 12:00	Registration
12:00 - 12:10	Welcome & Introduction - Eriksson
12:10 - 12:30	The Evolution of Debulking: How did we get here? - Long Roche
12:30 - 13:00	The Preparation: Surgical Armamentarium & Strategic Approach - Gardner
13:00 - 13:45	Lunch
13:45 - 14:15	Right Upper Quadrant - Sonoda
14:15 - 15:15	Left Upper Quadrant - Zivanovic
15:15 - 15:45	Modified Posterior Exenteration/Radical Oophorectomy - Long Roche
15:45 - 16:15	Coffee
16:15 - 16:45	Bowel Resections & Anastomoses - Gardner
16:45 - 17:15	Beyond the Abdomen - Sonoda
17:15 - 17:45	HIPEC - Zivanovic
17:45 - 18:15	Red Rules - Long Roche
20:00 -	Course Dinner

DAY 2 - THURSDAY DECEMBER 5TH - CADAVER LAB

09:00 - 11:45 Right Upper Abdomen and Chest

- liver mobilization
- diaphragm peritonectomy
- Morison's pouch peritonectomydiaphragm full thickness resection
- cardiophrenic lymph node resection
- non-anatomic wedge resection of liver
- celiac axis, porta hepatis & gall bladder anatomy

11:45 - 12:30 Lunch

12:30 - 13:45 Left Upper Abdomen

- total omentectomy & lesser sac anatomy
- lesser omentectomy
- splenectomy & distal pancreatectomy
- partial gastrectomy (greater curvature)
 multivisceral en bloc resection (partial transverse colectomy)
- ·

13:45 - 16:00 Pelvis & Bowel Resections

- small bowel resectionright hemicolectomy
- MPE/radical oophorectomy
