(Samlefil avdelingslink og viktige studie-links)

20.9.2023 / Dan Atar

Cardiovascular research

<https://www.ous-research.no/dc/>

Major studies: BETAMI: www.betami.org (NOK 15 mill. from Klinbeforsk + 13 mill from NFR)

NORSCREEN: www.norscreen.org (NOK 25 mill. from NFR)

Research in Endocrinology and Preventive Medicine

<https://ous-research.no/de/>

Geriatric research

[OUH - Dept of Geriatric Medicine \(ous-research.no\)](https://ous-research.no/)

Major studies: Alpha2prevent: [Effekt av legemidler for å forebygge delirium og kognitive vansker etter hjertekirurgi - Oslo universitetssykehus \(oslo-universitetssykehus.no\)](https://www.ous-research.no/) (NOK 19,7 mill from KLINBEFORSK)

GERONTE: <https://geronteproject.eu/> (5.9 mill EUR from Horizon2020)

BE-SAFE: [Home - BE-SAFE \(besafe-horizon.eu\)](https://besafe-horizon.eu/) (€ 548 966,- from Horizon2020 as consortium partner, total € 4 883 229 from Horizon to the consortium).

Research in Gastroenterology

[OUH - Dept of Gastroenterology \(ous-research.no\)](https://ous-research.no/)

Major studies: NORDTREAT : [NORDTREAT - The Nordic IBD treatment strategy trial - Örebro University \(oru.se\)](https://nordtreat.se/) (Total 30 mill from Nordforsk, of these 9 mill to Norway)

Research in Infectious Diseases

[OUH - Dept of Infectious Diseases \(ous-research.no\)](https://ous-research.no/)

Major studies: SMA-TB: <https://www.smatb.eu/> (Horizon2020: 6,388.104 €, of which NOK 8 mill to OUS)

Personalized treatment and care for chronic hepatitis B. (NOK 13,4 mill from NFR)

Gut control of hiv disease progression. (HSØ Postdoc stip)

The Norwegian nucleoside analogue stop study nuc-stop (HSØ stip)

H7HLAII-Influenta vaccine. (HSØ NOK 6,8 mill)

SEPSOMICS: Multi-omics to identify sepsis endotypes in the emergency department (HSØ NOK 9 mill)

Research in Digital Health

[OUH - Department of Digital Health Research \(ous-research.no\)](https://ous-research.no)

Major studies: 1. EPIO - Living well with chronic pain. <https://www.digitalhealth.no/english/projects/living-well-with-chronic-pain/index.html> (NFR: NOK 18 665 000, -)

2. StressProffen – Stress Management in Cancer.

<https://www.digitalhealth.no/english/projects/stressproffen/index.html>

<https://www.digitalhealth.no/english/projects/stressproffen/stress-management-in-cancer/index.html> (Norwegian Cancer Society NOK 3 300 000, -)

3. StressProffen CABC (Coping After Breast Cancer).

<https://www.digitalhealth.no/english/projects/stressproffen/stressproffen-cabc/index.html> Norwegian Cancer Society/ Cancer Registry; NOK 850 000, -)

4. StressProffen Healthcare Providers.

<https://www.digitalhealth.no/english/projects/stressproffen/stressproffen-healthcare-providers/index.html>

5. StressProffen Nutrimind. <https://www.digitalhealth.no/english/projects/stressproffen/stressproffen-nutrimind/> Div. of Clinical Nutrition/University of Oslo; NOK 170 085,-)

6. The Caregiver Pathway. <https://www.digitalhealth.no/english/projects/the-caregiver-pathway/index.html> (DAM Foundation; NOK 2 331 000, -)

7. InvolveMe. <https://www.digitalhealth.no/english/projects/involve-me/index.html> (The Norwegian Nurses Organization(NSF); NOK 2 132 000, -)

8. eCHANGE. <https://www.digitalhealth.no/english/projects/e-change/index.html> (Inven2; NOK 25 000, -)

9. eBATTLE digital solution. <https://www.digitalhealth.no/english/projects/e-battle/index.html> (KLINBEFORSK: NOK 2 000 000,-)

10. ZuperSmart. <https://www.digitalhealth.no/english/projects/supersmart/index.html>
Resource center traumatic stress (RVTSØst: NOK 1 500 000, -)

11. CFS/ME. <https://www.digitalhealth.no/english/projects/cfsme/index.html>
(DAM Foundation; NOK 1 400 000, -)

12. Upgrading & implementing eHealth solution tools.
<https://www.digitalhealth.no/english/projects/e-health%20solution%20tools/index.html>
(Communicare Foundation; NOK 195 963, -)

13. Recovery. <https://www.digitalhealth.no/english/projects/recovery/index.html>

14. Symptoms and function in CFS/ME. <https://www.digitalhealth.no/english/projects/cfsme%20symptoms/index.html>

Research in Nephrology and Acute Medicine

[OUH - Dept of Nephrology \(ous-research.no\)](https://ous-research.no) and [OUH - Dept of Acute Medicine \(ous-research.no\)](https://ous-research.no)

Major studies: Hypersension study 1 and 2: <https://www.sintef.no/prosjekter/2018/hypersension/>
(NFR: 32 mill NOK)

Cens study: (HSØ 3,4 mill NOK + 3,7 mill NOK)

IDA-study (together with Dept. Acute Medicine): www.idastudien.no (NFR 14 mill)

NIHR RIGHT4 – Preventing deaths from acute poisoning in Low- and m-i countries:
<https://www.ed.ac.uk/cardiovascular-science/nihr-acute-poisoning>)NOK 80 mill from
NIHR UK - University of Edinburgh, UK).

Pulmonary / respiratory research

<https://ous-research.no/dpd/>

Major studies: [Respire - Responsible Explainable Machine Learning for Sleep-related Respiratory Disorders - Department of Informatics \(uio.no\)](https://respire.uio.no)

Navn på forskergruppe	Forskningsområde (stikkord)
Avd. Hjertemedisin	Kardiovaskulær forskn.
Avd. Endokrinologi	Endokrinologi
Avd. Geriatri	Geriatri
Avd. Gastromedisin	Gastroenterologi
Avd. Infeksjonsmedisin	Infeksjologi
Avd. For digital helseforskning	IT-basert helsetjenesteforskning, digital helse innovasjon og etikk.
Avd. Nyremedisin og akuttmedisin	Nefrologi, akuttmedisin
Avd. Lungemedisin, generell indremed	Lungemedisin, fysioterapi
